

Wyoming Wheat Growers Meeting
Emporium, Hawk Springs, WY
October 27, 2022

Present: Ken Tremain, Theron Anderson, Chuck Maike and Marti Hubbs.

President Ken Tremain called the meeting to order. Minutes were read with one addition. Marti is to contact Derek about the Commodity Classic he attended for clarification of receipts. Chuck moved with Theron 2nd to make the change. Motion carried.

Marti presented the financial report. Theron moved with Chuck second to accept the financial report. Motion carried.

Reports:

The NAWG Life Cycle Assessment was handed out and read. After some discussion on what it was about it was decided that we needed to have Derek's input. The discussion was tabled until the next meeting.

The new Wyoming Collaborative meetings are scheduled as a zoom meeting twice a month. Chuck Maike volunteered to sit in on some of the meetings to familiarize himself with the topics. Theron Anderson may attend zoom meetings as time allows. This is the plan first started by Jay Norton, UW. After his passing it is taking up by new researchers from UW, NRCS and others. It has become an organized plan of meetings and discussions on how to enhance Wyoming soil for producers and ranchers.

Business:

Speakers for the annual meeting were suggested. Estan Mason CSU plant breeder from CSU will be contacted as he could not come last year. He does sawfly research. Marti will contact WestBred and AgriPro to follow CSU presentation on wheat varieties for sawfly.

Thoughts were that DOT attend again to continue last years discussion.

Don Day was also suggested to come again as he "missed" last years prediction of more rain in 2022.

Discussion followed on a round table chemical and fuel dealers to inform the producers of an update on fertilizer and chemical available. We decided to have them address this at the lightening round.

Wyoming Collaborative representatives will be contacted to attend.

Officer and Director nominees

Term up- President, Vice President, Secretary, At Large-open
Goshen Co-open

- Each officer must be voted on and elected at annual meeting.
